Dear Parents and Students:

This handbook has been developed to serve as a convenient reference to help students be successful at school and, ultimately, in life.

A broad range of topics are addressed in this book and I hope you refer to it often. Included are telephone numbers, important times and dates, the code of conduct and statements of parents'/students' rights and responsibilities. We will ask students to sign a class roster, indicating that they received a copy of this handbook and that they are familiar with its contents. For that reason, we suggest that you review the information in this handbook with your son/daughter. The content and statements included in this handbook remain in effect until it is replaced with a newer version.

If needed, additional copies are available in the principal's office. If you have suggestions for improvements to this document, please share them with your building principal. Thank you for helping us to provide the best education possible to your child and all of our children in the City of St. Charles School District.

Sincerely,

Randal D. Charles  
Superintendent

## **WELCOME**

Welcome to Hardin Middle School. Hardin is a school designed especially for students in the seventh and eighth grades. As a student at our school, you will be responsible for the successful pursuit of academic excellence, outstanding citizenship, and the development into a young responsible adult. It is hoped that you will take full advantage of all that is offered at our school and grow to be the best you can possibly be!

Sincerely, Ed Gettemeier, Principal

### **SCHOOL DISTRICT OF THE CITY OF ST. CHARLES MISSION STATEMENT**

The City of St. Charles School District will educate all students to become caring, productive, life-long learners in a global society.

### **HARDIN MIDDLE SCHOOL MISSION STATEMENT**

The students, parents, community, and staff of Hardin Middle School are committed to providing a stimulating learning environment where all students value their own uniqueness, respect the differences of others, and achieve maximum personal and academic growth.

### **HARDIN MIDDLE SCHOOL VISION STATEMENT**

Hardin Middle School envisions a family of respectful, honest, responsible, cooperative learners where students, staff, parents and community collaboratively work toward a sense of belonging, school pride, and academic excellence.

### **HARDIN MIDDLE SCHOOL PHILOSOPHY AND GOALS**

We believe that the educational process should develop a feeling of self-worth and accomplishment within each student and should be built upon a thorough understanding of the basic skills. Furthermore, we believe that the self-actualization of each child should be in harmony with appreciation for the importance of our democratic way of life in America. The preservation of our democratic way of life is not inherited but must always be learned and earned anew by each generation in order for it to be perpetuated.

Therefore, we believe that the role of education is to help individuals achieve their greatest potential, which will, in turn, enable them to make their greatest contribution to society. It is, therefore, the responsibility of the School District of the City of St. Charles to provide an environment for children of the district, which will foster and accelerate their cognitive, social, physical, aesthetic, and ethical development.

- to provide encouragement for my child's efforts,
- to support the staff in promoting the school's program,
- to confer with members of the school staff concerning any problems that may affect my child.

## PROCEDURES AND POLICIES

### ABSENCE PROCEDURES

**Notification of absence** Parents are requested to call the school before 8:30 a.m. on the day of the absence to inform the attendance office of the student's absence at 636-443-4302. If there has been no contact between the home and the school, the parent/guardian will write an excuse giving the student's name, days of absence, reason for absence and parent/guardian signature. Upon his/her return to school, before the school day begins, the student will turn his/her excuse in at the office for an admit slip. This slip is to be signed during the day by all of his/her teachers.

**Make-up assignments** The student is expected to ask all teachers for make-up assignments. The student will be given one day of attendance to complete work missed for each day of absence up to two weeks. All work missed during the last week of any marking period must be made up before the last day of the marking period. Assignments that are not made up will be reflected in the student's grade. Each student is responsible for seeing that make-up is completed. If a student is absent three (3) or more consecutive school days, his/her assignments may be obtained by a parent calling the school office before 8:30am on the third day of absence.

**Travel or other absences** If the absence is due to travel or for some other reason, the parent/guardian should contact the school principal in writing prior to the absence. The principal will determine whether or not these absences are excused or unexcused based on prior absences, specific requests, and pertinent criteria. Prior approval by the principal is mandatory. Failure to give prior written notification will result in an unexcused absence. Students are responsible for completing all allowable make-up work. If assignments are requested in advance, the make-up work would be due upon return.

**Leaving School Early** If a student needs to leave school early (medical, dental, or personal reasons), he/she should bring a note signed by his/her parent/guardian indicating the time, date, and reason to the office before the school day begins. The student will be given an Early Dismissal Pass to take to his/her teacher so that the student will be waiting in the office at the time of the parent/guardian's arrival. Before leaving the building students should turn in the Early Dismissal Pass and the parent must sign them out on the back of their child's individual emergency form.

**Excessive Absence Procedure** Missouri statute #167.031 mandates regular school attendance for children between the ages of six and seventeen. Many of the benefits of regular classroom instruction are lost during extended absences and cannot be regained even with extra after-school instructions. Principals may schedule and hold parent conferences, telephone or office, when a student has been absent ten days per semester, unless a doctor's note is on file with the attendance office. After 10 absences principals have the authority to require written verification from a medical doctor for all future absences due to illnesses. All future medical-related excuses may be considered excused or unexcused at the principal's discretion. The principal and nurse or nurse's aide will work closely with parents on all medical-related absences beyond ten.

### ACADEMIC HONESTY

Students are expected to do the very best they can at all times. They are considered to be cheating when they copy the work of another student or use a gimmick or trick in doing work for a class that has not been approved by the teacher. If a student is caught cheating, they may receive a zero for the work done. In addition, the teacher may notify the student's parent/guardian and follow the procedure indicated in the "Code of Conduct".

## **ACCIDENTS**

Any injury occurring at school should be reported to a teacher, coach or the school nurse immediately. Students can purchase accident insurance by picking up the proper forms from the secretary in the office.

## **ANNOUNCEMENTS**

A weekly bulletin will be provided by the principal's office. Announcements for the bulletin should be in the office by noon on Thursday. The intercom system will be used for urgent messages that cannot be handled in any other way.

## **ASSEMBLIES**

Students are expected to be courteous and respectful at all school activities. Students may be excluded for failure to meet this expectation. Each student is personally responsible for the impression made by the school as a whole. Unacceptable behavior in assemblies includes whistling, uncalled-for clapping, boisterousness and talking during a program.

## **ACADEMIC PLANNER**

It is recommended that students use some type of organizational planner to help them keep track of all assignments.

## **ATTENDANCE**

Students are expected to be present and punctual for all of their classes throughout the school year. Students will not be excused from school except in a case of uncontrollable circumstances, such as illness, doctor or dental appointment or a death in the family. Students absent from school or who leave early through the nurse's office will not be allowed to attend evening activities during their absence.

Attendance is on file for each student. An accurate record is kept of all absences and tardies. Multiple unexcused absences violate state law and can be categorized as trancies. Cutting class may also be considered a truancy. Refer to the "Code of Conduct" for a complete explanation of absenteeism. (Policy JED)

## **AWARDS**

Students are recognized for academic excellence and citizenship throughout the school year. A formal awards assembly is held at the end of the school year.

## **BEFORE/AFTER SCHOOL CLUBS/ACTIVITIES**

We encourage our students to be involved in a variety of extracurricular activities including intramurals, clubs, peer and teacher tutoring and school sponsored activities. Students must be in attendance on the day of the activity in order to participate. There will be no Activity Bus service this year. It will be the responsibility of the student's parent/guardian to provide transportation for these types of activities.

## **BEHAVIOR EXPECTATIONS**

Students at middle school increasingly assume responsibility in carrying out student affairs. Along with this responsibility, students are expected to learn to accept authority, to follow rules as well as help make them, and to act courteously and respectfully to others as they expect others to act courteously toward them. The "Code of Conduct" for middle school students outlines the rules, which have been deemed appropriate and necessary for the maintenance of a wholesome school climate. These rules and standards apply to student conduct on school premises, at school functions of any kind, off school premises, which directly affect the school, on school buses and involving any school property. For a complete explanation of disciplinary policies and procedures refer to your Student "Code of Conduct" Discipline is based on a

philosophy designed to assist students to change inappropriate behavior and to enable them to develop self-discipline. The school notifies parents of major student problems.

## **BICYCLE STUDENTS**

Bicycles are to be parked upon arrival at school in the racks near the lower parking lot. Owners of bicycles will lock their bicycle to safeguard their property. Loitering at the bicycle racks is prohibited. The school is not responsible for theft of parts or damage while bicycles are parked at the school. Students should walk bicycles in pedestrian crossings and obey all rules of bicycle safety.

## **BUS TRANSPORTATION**

Bus transportation is a privilege and not a responsibility of the school district. Failure to observe district rules may result in denial of transportation. Refer to the "Code of Conduct" for a complete explanation. State law requires that all vehicles must wait while buses are loading and unloading. Parents should follow the drive around the back to pick up car pool students at the gym entrance after school.

Only students that live more than one mile from school qualify for bus transportation and are allowed to ride buses to and from school.

## **CAFETERIA**

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. Parents who wish to eat lunch with their child should notify the main office in advance.

Lunches can be purchased by putting money into the student's cafeteria account. The student will receive a pin number to use in order to purchase their meals. Money cannot be loaned for students who forget their lunch money. However, students may be given a carton of milk and bread and butter if the cafeteria manager is asked. Students may be limited in the number of times they may take advantage of this service. All families receive information regarding the free/reduced lunch program guidelines. This form must be completed and returned to the school cafeteria at the beginning of the school year in order to determine eligibility. If during the year your financial circumstances change, additional forms are available in the guidance office.

No food may be eaten anywhere other than in the cafeteria and students should clean up their tables and area around their table before leaving the cafeteria. The only restrooms open to lunch students are those outside the cafeteria. Students who do not use the cafeteria properly will be held accountable.

## **BREAKFAST/LUNCH PROGRAM**

Breakfast is served in the cafeteria from 7:00am-7:15am. Students attending schools that receive free or reduced lunches are also eligible for free or reduced breakfast. More information will be provided regarding this program at the beginning of the school year.

**CAFETERIA—PEANUT FREE ZONE**—There will be a designated section of the cafeteria as a peanut product and peanut butter free zone and expect all members of the school community to respect the rules of this area.

## **CAR POOL**

Students arriving to school by car should be dropped off in the front of the school near the lower parking to keep bus lanes clear for morning bus arrivals. For after school pick up, parents are requested to enter at the upper parking lot and follow the drive to the back of the building to the round-a-bout at the gym entrance. You will then exit the drive through the neighborhood. No cars will be allowed to wait in the bus lanes or double-park on the side of the building to wait for students.

## CLINIC

The clinic is staffed by a registered nurse. Students should have a written pass from their classroom teacher before reporting to the clinic. Students are not to go to the clinic between classes. Students should not leave the building or call their parents because of illness or injury without clinic authorization. If the nurse is not in, students are to report to the office. All students should have emergency contact phone number(s) in the office on their Emergency Information card.

**Immunization** State Statute 210.003 states that, “no child shall be permitted to enroll in or attend any public school unless child has been adequately immunized.”

Only a medical exemption signed by an M.D. or D.O., or religious exemption will be accepted in lieu of an updated immunization. Students without proper immunizations and/or proof of the same will NOT be allowed to attend school and/or obtain a schedule of classes.

**Special Health Problems** Students with health concerns are to report to the school nurse at the beginning of the school term or as soon as a condition arises. Special concerns include asthma, diabetes, seizure disorders, migraines, allergic reactions, prescription medication or anything that might limit the student, or affect their behavior/performance at school.

**Taking Medication at School** The giving of medicine by the nurse, principal or designee shall be restricted to necessary medications that cannot be given on an alternative schedule. When prescription medications and inhalers are to be administered by the school, the medication must be accompanied by a label affixed by the pharmacy or physician showing:

- Name of student
- Name of medicine
- Dosage and administration schedule
- Physician's name
- Date Purchased

**Prescription Medications** Prescription medications must be in the original container and must be accompanied by a physician's signature and written order giving the child's name, dosage, schedule of administration, and reason for administration. Prescription medications must also be accompanied by parent guardian signature and written orders asking for the medicine to be given.

**Non-prescription Medications** Non-prescription (over the counter) medications may be given with the parents' written consent stating the child's name, dosage, schedule of administration and reason for medication. Medication must be in the original container.

Parents are required to pick up medication at the end of the year. Medications not picked up will be disposed of properly.

## **CLOSED CAMPUS POLICY**

This school has a closed campus. This means that students cannot leave the grounds at any time during the school day except in the company of a parent or at the discretion of the principal. This permission is granted for emergency or medical reasons only. A parent must sign their child out at the office when leaving and the student must obtain an admit slip from the office upon returning to school. A student may not leave campus after arriving to school via walking, car pool, or bus or leave campus for lunch.

## **COUNSELING AND GUIDANCE SERVICE**

Credentialed counselors staff the counseling office. They work with individual students, groups of students and with parents. They provide services such as crisis counseling, individual and small group counseling, scheduling adjustments, class lessons and parent meetings. Students who need to see a counselor can request permission from their teacher or make an appointment with the counselor in the guidance office.

## **DRESS/CLOTHING GUIDELINES**

We encourage students to dress appropriately for school. Since we are an educational institution, the daily clothing/attire should be conducive toward an educational environment and should not be disruptive of school operations and the educational process.

- Students must wear appropriate school wear at all times, pajamas/pajamas pants are not considered school appropriate.
- Clothing must cover the front and the back of the student (backless tops, spaghetti straps, halter tops, and bare midriff, short shorts, as well as clothing that does not sufficiently cover the body are unacceptable at school).
- Footwear must be worn. Slippers are not considered school appropriate.
- Caps, hats and other head coverings (at the discretion of the principal) may not be worn or carried during the school day.
- Clothing which promotes the illegal or commercial use of drugs, alcohol, tobacco/nicotine products, gun/weapon paraphernalia and/or that includes sexual innuendo is not permitted.
- Coats, jackets, overcoats are to be put into lockers upon arrival at school.
- Gang related clothing may not be worn at school.
- Anything that is disruptive or interrupts the operation of the school day shall not be permitted.

## **DRUG-FREE SCHOOL**

Our middle schools provide a safe, drug-free environment for our children. Alcohol, drugs and narcotics are substances, which are detrimental to the health, well-being and educational growth of students. The use and unlawful possession of illicit drugs and alcohol are wrong and harmful. The Board of Education strictly prohibits the possession, use or distribution of a controlled substance on or around school property, school buses or at any school-sponsored activity. The administrative procedures may be found in the "Code of Conduct", which is given to every student at the beginning of the year. Any student caught selling drugs on campus will be expelled. They will also be charged with a felony and prosecuted by the judicial system. Police and search dogs may also be utilized on school grounds and surrounding areas without notice.

## **EARTHQUAKE DRILL (SHELTER IN PLACE DRILL)**

During an earthquake drill students should drop to the floor beneath desk, chair, table or bench with their backs to windows. If no cover is near, the students should get close to a bearing wall. If in a hall, they should drop away from freestanding lockers and face away from movable walls. The students should

cover the back of their heads and necks with coat, sweater, notebook or hands and wait for further signals and/or instructions.

## **ELECTRONIC DEVICES**

Electronic devices include, but are not limited to PDA's cell phones, pagers, iPod's, CD players, radios, video recorders, and Nextel walkie-talkies. Students must have electronic devices turned off and securely stored during school hours, unless the electronic device is an integral part of the curriculum/instruction. *School hours include walking to and from buses and during after-school activities.* Camera phones are not to be used to take pictures at anytime during the school day, on the bus, or at school activities.

## **EMERGENCY FORM INFORMATION**

An Emergency Form will be sent home at the beginning of each year to be completed by a parent/guardian. It is essential that the school have a name and phone number of someone to call in case of an emergency such as a student accident or illness. Parents and students should keep this information current and updated. Students will only be released to persons listed on this emergency form unless a written note from a parent/guardian is received stating who will pick up student.

## **EMERGENCY SCHOOL CLOSING**

If it is necessary to close school due to severe weather or other emergency conditions, an announcement will be made over the following radio stations:

KMOX - 1120 AM	WIL - 92.3 FM	Y98 - 98.1 FM	KMOV – Channel 4
KLOU - 103.3 FM	WIL - 1430 AM	KSDK - Channel 5	KTVI - Channel 2

One of these announcements will be made:

1. "City of St. Charles School District-R-6 - Schools are closed."
2. "City of St. Charles School District - Schools are open but on Snow Schedule." This means school is opening one hour later and, buses are running the snow routes one hour late.

On days when school is not in session because of inclement weather, there will be no student-related activities in the school buildings, unless approved by the superintendent.

The District also has the AlertNow phone system that will be used to contact parents with a mass phone message. Please make sure you keep this number updated with the office.

## **FIELD TRIPS**

Field trips are a vital part of our school curriculum for students that remain in 'Good Standing'. Through these activities, students gain knowledge and experiences beyond those in the regular classroom. The importance of these activities should not be diminished for students because of the inappropriate behavior of others. Therefore, children exhibiting an excessive amount of poor behavior may be prohibited from attending field trips at the discretion of the building principal.

Many field trips require payment in advance for ticket reservations and/or travel accommodations. Students who pay for an activity and are then unable to attend because of family decisions, illness, or school suspensions may not be granted a refund.

## **FIRE AND TORNADO DRILLS**

Tornado and fire drills are required by law at regular intervals and are important safety precautions. Students should become acquainted with the instructions posted in each room.

## **GRADE REPORTING SYSTEM**

Grade cards will be distributed every nine weeks during the school year. The last quarter grades are mailed and this report contains information for all year. Completed course grades are placed on the permanent record. Cumulative grade point average is based on quarter grades. An (I) indicates an incomplete grade and that the student has not completed the required work. If the work is not completed, the (I) becomes a failing grade for the grading period.

**Grading Scale** The following grading scale is used consistently by all teachers:

90 - 100.....A	60 - 70.....D
80 - 90 .....B	50 - 59.....F
70 - 80.....C	

**Honor Roll Criteria** A student must meet the following criteria to be eligible for the Honor Roll:

1. 3.0 grade point average for the specific grading period.
2. No more than one C on the report card for the specific marking period.
3. No D's or F's on the report card for the specific marking period.

**Report Cards** Report cards are given to students after the 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> marking periods during the school year and mailed home to parents after marking period 4. If a student has not met school obligations at the end of each marking period (fees and textbook and/or library fines), his/her report card will be held until these obligations are met. Grades can be checked by parents by accessing the Grade book on the school website.

## **HALL PASS**

Students in the hallway without a teacher during class time will be expected to carry a hall pass. Hall pass procedures will be talked about with students at the beginning of the year and reminders will be shared throughout the year.

## **HALLS**

Students should be in the halls only at the beginning and close of school and while changing classes unless they have a hall pass. Students are expected to be courteous at all times. Students are expected to walk, keep hands and feet to themselves and use inside voices while in the halls.

## **HOMEWORK**

Homework is an integral part of the school program. The school and the home must share in the responsibility for education of children. Parents, students and teachers should recognize homework as one means of sharing this responsibility of improving home/school communication and providing assistance in developing a sound and sensible educational program for students. Homework can be in many forms: reading a book for a book report, working on questions for social studies or math, or even watching a TV program and writing a critique. Homework is designed to supplement class work and to give the student the opportunity to practice the skills he/she has learned in class.

## **HOMEWORK REQUESTS - STUDY BUDDY SYSTEM**

Students are to select a "Study Buddy" for each class and exchange phone numbers. If a student is absent less than three (3) days, they should get their homework assignments from friends, or from their teachers

upon their return to school. If a student is absent three (3) or more consecutive school days, a parent calling the school office may obtain his/her assignments. The assignments may be picked up at the end of the day in the main office.

### **INTERNET USE**

Inappropriate use of the Internet and/or computer hardware and software may result in discipline and/or the loss of computer privileges. This loss of privileges could affect the child's grade.

### **LIBRARY**

The library is for the benefit of everyone. Students are encouraged to use it for both recreational reading and school assignments. All books are checked out for a two-week period. There is a fine levied on all overdue books. The fines are five cents per book, per school day. At the end of each grading period all fines should be paid and all overdue books returned in order for the students to receive their report card. The library does have computers with Microsoft Word, Power Point, and the Internet.

It is necessary to maintain a quiet atmosphere for studying and reading. Those who cause a disturbance will be asked to leave. Repeat offenders will lose their library privilege. During class periods, students should have a library pass if they are to be admitted to the library. Check the Library webpage for homework resources.

### **LOCKERS**

Students are issued a locker with a combination lock and they are responsible for taking care of their locker.... Kicking doors, hammering on doors, or otherwise damaging lockers will not be tolerated. Students are expected to use only the locker assigned to them. Students are discouraged from bringing radios, MP3 players, CD players or any unnecessary valuable items to school. Locker assignments are made by the assistant principal's office and trouble with lockers should be reported to the office.

### **LOITERING AND HANGING OUT**

Students should clear the building and campus within 10 minutes of final dismissal unless they are staying for school business (clubs, tutoring, detention, intramurals). Students will not be allowed back into the building for any reason unless accompanied by an adult.

### **LOST AND FOUND**

Students should assume sole responsibility for loss or damage to any property belonging to them. The school will endeavor to protect all personal properties, but it is not responsible for them. Found articles should be taken to the office. Many times articles are turned into the office and the owners are never located. Students should write their name on all books and put identification marks on their personal belongings. Articles not claimed within a reasonable time will be disposed of to a charitable organization.

### **MISSOURI MODEL GUIDANCE PROGRAM**

The guidance and counseling departments in the City of St. Charles School District follow the Missouri Model Guidance Program. The purpose of this program is to provide a comprehensive guidance curriculum that is structured and developmentally presented systematically through both classroom and group activities in grades K-12. The components of the program include:

- Curriculum — Classroom and Group Lessons, Parent Workshops
- Individual Planning — Individual Guidance, Behavior Management, Academic Interventions, Test Interpretation
- Responsive Services — Individual Counseling, Referrals, Crisis Counseling, Parent Conferences
- System Support — Coordination of Group Testing, Reports to Outside Agencies, Team Meetings, Staff Meetings, Workshops

A teacher may contact the counselor for: individual student concerns, classroom management, involvement in conferences, interpretation of test results, student referrals for special services.

The school counselor: sees students individually, gains understanding through observation, conducts counseling groups, coordinates testing programs; works with parents and teachers, provides orientation and follow-up for new students, conducts classroom lessons, teaches leadership and communication.

A student may see the counselor to: discuss personal concerns, aid in self-expression, improve relationships with others, learn to make decisions, learn about personal interests and abilities, acquire job and career information, discuss academic concerns.

How does a student see the counselor? — self-referral forms located in classrooms and office, teacher referral, parent referral, principal referral.

A parent may contact a counselor about: academic concerns, behavior concerns, social adjustment, career planning, referral to agencies.

## **MOVING/CHANGE OF ADDRESS**

It is important that parent/guardians keep the office informed of any change of address or telephone number. When changing a home address you must provide proof of residency in the form of a current utility bill or copy of a valid home lease/contract.

Before a student transfers to another school, the student should bring a note from his/her parent/guardian, which states the new address and the request for a transfer of records. Since this process takes one school day, the student should plan to bring this notification in time to complete checkout procedures.

## **PERSONAL PROPERTY**

Students assume the responsibility for loss or damage to their clothing, equipment, books, or instruments. The school endeavors to protect all personal property, such as bikes, but is not responsible for it. **LARGE SUMS OF MONEY AND ARTICLES OF REAL OR SENTIMENTAL VALUE SHOULD NOT BE BROUGHT TO SCHOOL. RADIOS, TAPE/CD/MP3 PLAYERS, PAGERS, CELLULAR PHONES, SKATEBOARDS, and ROLLER BLADES/SKATES, SCOOTERS OR ANY OTHER ITEMS ARE DETRIMENTAL TO GOOD ORDER AND MAY CREATE SAFETY ISSUES AND SHOULD BE LEFT AT HOME.**

## **PHYSICAL EDUCATION**

The physical education program allows each student the opportunity to participate in a variety of activities at a level of skill that produces a feeling of satisfaction and achievement. All students are expected to dress out and participate in P.E. each day that they have P.E. Each student receives a handout describing the physical education requirements for their grade level from their P.E. teacher. In addition to the regularly scheduled program, students are encouraged to join intramurals in the after school sports program.

P.E. Uniforms A physical education uniform is **mandatory** and can be purchased as a set for \$15.00 which includes a grey logo shirt and mesh shorts.

P.E. Lockers Each student is expected to furnish a combination lock for his/her issued P.E. locker. Students are responsible for securing their personal belongings.

P.E. Excuse If for any reason a student cannot take part in full physical education activities, a note **MUST** be brought from parent/guardian (which is honored for two class periods) or from a doctor (if more than two days) stating the reason that the student cannot participate. This note should be brought to the nurse in the morning before school. The nurse will give the student a copy for the P.E. teacher. Two parent notes are acceptable each quarter and the student is excused for two class periods. Students without a note from a parent, doctor or the school nurse will have the choice of participation or receiving a zero for the day.

## **PICTURES**

School pictures are taken early in the school year for the yearbook and individual packets may be purchased by the student at that time. Yearbook cost is NOT included in this package.

## **PRIDE**

Our school takes pride in our staff and students, and we demonstrate this daily in our actions for our school, our community, and ourselves. Hardin's school colors are navy blue, maroon and white.

## **RESPECT FOR OTHERS**

Students are expected to accept the right of fellow students and staff to enjoy a school environment, which is free from disrespect, distraction, fear and prejudice. Expressions of racial, ethnic or religious bias or discrimination in any form will not be condoned or tolerated. Policies exist to protect the dignity and rights of the total school population - students, teachers, secretarial and custodial staff. Physical or verbal abuse of one person by another will not be tolerated.

## **RESTROOMS**

Restrooms are to be used for the purpose intended. Food must not be taken into the restrooms and students are not to loiter in the restrooms. Restrooms must be kept neat and clean.

## **SAFE SCHOOLS ACT**

The Missouri Safe Schools Act was signed into law and became effective August 28, 1996 for all school districts. The Safe Schools Act is intended to improve the safety and educational environment for all students, teachers, staff, administrators, parents and patrons in the district. The major provisions in the law include: discipline policies, reporting requirements, student suspension/expulsions, abuse investigations, children with disabilities, residency issues, transfer of documents, removal of students, readmission conferences, communication with juvenile/law agencies, notice of violent act and prevention programs, alternative education, waivers, and bus driver certification.

The School District of the City of St. Charles will adhere to all mandatory provisions of the Safe Schools Act, and the Code of Conduct will reflect these provisions. The district recognizes that in order for a student to become a productive citizen they must be provided a safe educational environment. Therefore, the district will make available to all students, parents and employees a copy of the Code of Conduct. Parents and students are strongly encouraged to read the Code and to become familiar with all procedures and provisions. A copy of the Board of Education Policies is available for review in the Superintendent's Office, 400 N 6<sup>th</sup> St, St. Charles, MO 63301, between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday and on the District website [www.stcharles.k12.mo.us](http://www.stcharles.k12.mo.us).

## **SCHEDULE CHANGE**

No class changes will be made except for changes recommended by joint agreement of the Principal and the teachers involved.

## **SCHOOL HOURS**

The academic school day begins at 7:20am and ends at 2:20pm. The school office is open from 6:30am until 3:30pm. No student shall be in the halls/classrooms before 7:00am or after 2:20pm unless he/she is under the direct supervision of a teacher for a scheduled activity. No supervision is provided before 7:00am or after 2:20pm unless there is a scheduled activity that would provide this supervision. Parents are strongly urged not to drop off students before 6:30am or leave students at the school after the 2:20pm dismissal bell during these unsupervised times. The District and school personnel will not be held responsible during these unsupervised times. As students arrive to school they are to remain in the front foyer until the 7:00am bell releases them to the commons or cafeteria. Students will remain there until the 7:15am bell rings. At this time students will be allowed to go to their lockers. Students are to enter the school immediately upon their arrival by foot, bus, or private transportation.

Students must clear the building and campus within 10 minutes of final dismissal unless they are staying for school sponsored activities (clubs, tutoring, detentions, and intramurals).

## **TARDY POLICY**

Students are expected to be on time to all classes. A student who comes into class after the tardy bell will be assigned a tardy by the classroom teacher. A warning bell rings ten (10) minutes before school begins. Students are expected to be in the classroom and ready to work when the bell rings. Going to a locker between classes is not considered as an excuse for tardiness. Planning ahead is an important part of school life. Tardiness to class interferes with class procedures as well as individual progress. If the student comes into class more than 10 minutes late without a pass, he/she will be sent to the office; this will be dealt with as skipping class. Refer to the Code of Student Conduct for a complete explanation.

Students who arrive late to school will need to check in with the attendance office.

## **TEXTBOOKS**

Textbooks issued during the school year are the property of the school district. Students are expected to write their name in each textbook in the designated area when they are issued. Reasonable wear is expected as a result of daily use. Unreasonable damage to textbooks will result in fines. It is the responsibility of each student to keep his/her book covered and in good condition.

If a textbook is damaged in the judgment of the teacher and principal, the student will have to pay for damages incurred. If a textbook is lost, it is to be paid for according to the replacement cost of the book.

## **TRUANCY**

Any student who is absent from school without the expressed consent and/or knowledge of the parent(s) or guardian will be considered truant. Truancy will be disciplined according to the "Code of Conduct".

## **VISITORS**

Parents are encouraged to visit their son/daughter's class/classes. However, for the safety of our students, all visitors are to report to the main office. Visitors are not allowed unless they are authorized by the office or have a specific appointment with a staff member. They must sign "in" and "out" at the main office and obtain a visitor's badge to be worn while they are in the building.

## **WALKING STUDENTS**

Students should cross at intersections or in marked lanes. Students who "jaywalk" are endangering their lives. Students should respect the personal property of the homeowners along the way to school.

## **WORK PERMITS**

Students wishing to obtain work permits must be 14 years old. They need to see the principal's secretary to obtain an "Intention to Employ" before they get a job. After obtaining a position, they return the completed "Intent to Employ" form and receive their work permit.

## **YEARBOOK**

Yearbooks may be ordered after Winter Break from our Yearbook sponsors. Yearbooks **ARE NOT** included in the price of picture packets at the beginning of the year. They will be available at a cost to the students and will be distributed when printed.

# **ORGANIZATION - THE KEY TO SUCCESS**

## **TIME MANAGEMENT**

You can increase the opportunities to do the things you want and need to do by improving on how you manage your time. Those who manage their time effectively have the same twenty-four hours in a day as everyone else. What they do is plan and schedule time so that they can achieve a balance in all parts of their lives as well as be successful.

If you take time to organize your efforts, you can easily save one-quarter to one-third of your time. The trick is to develop a concrete plan for home, school and work. Planning ahead and applying the management strategies will result in getting maximum value for the time you have. It will help you with your schoolwork and will result in an increase in time available for leisure activities such as sports and spending time with your friends.

## **GETTING BETTER GRADES**

- Visualize what grades you desire. It is not enough to say "I want good grades/marks."
- Write down your "plan of action" of how you will accomplish this plan.
- Make a small poster about the grades you desire; what you will do to earn the grades and how you will accomplish it. Post it in a spot where you will see it often.
- Periodically read your written plan aloud. Concentrate as you read it and think of yourself as already possessing this grade.
- Keep checking to see whether in fact you are reaching your goal!
- A positive personality brings success. If you believe in yourself, you can and will succeed in school.

## **DURING CLASS:**

- Record all assignments, homework, test dates and projects accurately.
- List your homework assignments and the due dates at the conclusion of each class.
- Write down when projects are due and when your tests and quizzes are scheduled.
- When you receive a grade, enter it on your Achievement Record page.
- Ask your teacher about any problems you encountered while doing your homework.

## **AT HOME:**

### Prepare:

- Schedule your time in 20 to 30-minute blocks.
- Arrange your work in order of priority.
- Prepare your study area.
- Prepare your materials, supplies, attitude.
- Check out visual aids, vocabulary, and chapter length.

- Transfer all unfinished tasks to a future date.
- Review your past weekly schedule and make the necessary adjustments for the coming week.
- Schedule time to review assignments and tests returned by your teacher.
- Redo incorrect answers.

### Ask Questions:

- In the assignment, ask key questions; note main ideas, topic sentences, and subtitles.
- Study visual aids; locate key points.
- Discover what you already know.
- Decide what you need to know.
- Know in what form you'll need to know it.
- Decide on your overall study purpose; set short specific goals.

### Gather Your Information:

- Read to answer questions, not to memorize.
- Note key points, answers to questions.
- Stop after each page and add details to your notes to support the main ideas.
- Save complete note taking for the last step.

### Evaluating Your Notes from Text:

- Complete your understanding - fill in the gaps.
- Review new vocabulary words.
- Use mnemonic devices to learn key points.
- Use the table of contents or index to review.
- Recreate notes from memory as a review tool.
- Practice recalling, not rereading.

## Discipline Procedures and Definitions

Behaviors are outlined in categories. Within each category, behaviors are listed alphabetically and are grouped according to nature/severity of the infraction. Below each description will be 3 boxes representing from left to right the consequence for the 1<sup>st</sup> offense, 2<sup>nd</sup> offense, and repeated offenses (see illustration below)

<b>FIRST OFFENSE</b>	<b>SECOND OFFENSE</b>	<b>REPEATED OFFENSES</b>
----------------------	-----------------------	--------------------------

The following pages outline specific behaviors and consequences if a violation occurs and results in an office referral. Teachers have the authority to assign consequences giving an office referral. Behaviors not specifically addressed, or chronic behavior may be referred for additional disciplinary action. These shall be classified as Conduct Prejudicial to Good Order or as otherwise appropriate. Administrators may deviate from stated maximum penalties when circumstances warrant, with approval of the superintendent and/or Board of Education.

The intent of discipline is to assist students in recognizing unacceptable behaviors and replace those with acceptable behaviors. The district supports the concept of progressive discipline to encourage the development of self control, but recognizes the need to deviate from progression when the nature, severity, or frequency of a student’s conduct so warrant. This process is intended to be instructional as well as corrective.

### Corporal Punishment

No person employed by or volunteering on behalf of the School District of the City of St. Charles shall administer or cause to be administered corporal punishment upon a student attending district schools. A staff member may, however, use reasonable physical force against a student without advance notice to the principal, for self-defense, the preservation of order, or the protection of other persons or the property of the school district.

**FELONY EXCLUSION**

Students who have been charged, convicted, or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law. This means that if a student has been charged with, convicted of, or pled guilty to a felony in adult court, the student may be suspended. This provision does not apply to juvenile court proceedings. However, there are other mandatory exclusions under the Safe Schools Act that do include juvenile court actions.  
(Board Policy JG)

**Bus Rider Expectations**

The following is a list of behaviors expected of each student riding on school-provided buses. Students are asked and expected to:

1. Follow adult directions.
2. Stay seated – no seat hopping.
3. Keep hands and feet and other objects to yourself.
4. Be respectful.
5. Use appropriate language
6. No eating or drinking on buses.

It is expected that students follow school rules while on the bus and at bus stops. Misconduct on the bus or at bus stops may result in disciplinary action.

**School Search Policy**

**Searches and Seizures by School Personnel**

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers or student automobiles under the circumstances outlined in the guidelines below and in accordance with the law and may seize any illegal, unauthorized or contraband materials discovered in the search. In the event the law provides

greater leeway for the district than this policy, the law shall prevail. Police and search dogs may also be utilized on school grounds and surroundings without notice.

**School Property** -- School lockers, desks and other such property are owned by the school, and are subject to search at any time by school officials. Students are responsible for whatever is contained in their desks and in the lockers issued to them at school.

**Students or Personal Property** -- Students or student property may be searched based on reasonable suspicion of a violation of district rules, policy or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information. Personal searches, and searches of student property, shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses, and not in front of other students. Students shall not be required to undress, although they may be asked to empty pockets, or remove jackets, coats, shoes and other articles of exterior clothing for examination if reasonable under the circumstances.

**Automobiles** -- Students are permitted to park on school premises as a matter of privilege, not of right. The school retains the authority to conduct routine patrols of the student parking lots. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that illegal, unauthorized or contraband items are contained inside.

**Students Refusal of a Search** -- Law enforcement officials shall be contacted if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such articles. Law enforcement officials may be contacted in any case involving a violation of law when a student refuses to allow a search, or where the search cannot safely be conducted. Parents may also be contacted.

**Seizure of Illegal Materials** -- If a properly conducted search yields illegal or unauthorized materials, such findings may be turned over to proper legal authorities for ultimate disposition.

**Illegal or Unauthorized Materials** -- For purposes of this policy, illegal or contraband material include all substances or materials, the presence of which is prohibited by school policy or state or federal law, including but not limited to, controlled substances, imitation controlled substances, drugs, drug paraphernalia, alcohol or alcoholic beverages, abusable glue or aerosol paint, guns, knives, weapons or incendiary devices.

**Interview with Police or Juvenile Officers/Other Law Enforcement Officials** -- The School District of the City of St. Charles has jurisdiction over students during the school day and hours of approved extracurricular activities. When law enforcement officials find it necessary to question students during the school day or periods of extracurricular activities, the school principal or designee will ask to be present and will request that the interview be conducted in private.

The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians. If the interviewer raises a valid objection to the notification, parents will not be notified.

### **Removal of Students from School by Law Enforcement Officials**

Before a student at school is arrested or taken into custody by law enforcement or other legally authorized person, the principal will make a reasonable effort to verify the official's identity. The school principal will attempt to notify the student's parent/guardian that the student is being removed from school, unless directed otherwise by the law enforcement official.

### **The School Resource Officer (SRO)**

The school resource officer (SRO) is a certified law enforcement officer who is assigned full-time to a school or schools. SROs receive many hours of specialized training. The concept of the SRO is very similar to the "officer on foot patrol" who knows the public he or she services on a first name basis and is sensitive to their particular needs. The SRO wears many hats; he or she is a friend, advisor, educator, positive role model, and someone to turn to in time of need.

As an educator, the SRO will visit classrooms and make presentations that concern student safety, traffic laws, general law, and crime prevention. SROs also work with individual teachers to create special programs tailored to specific units of study. The SRO may work with school administrators and students in the process of investigating suspected criminal violations that involve the school. In acting as a counselor, the SRO is available for conferences with students, parents and staff regarding law related issues or problems. The SRO is trained in all aspects of emergency situations to be able to help the students and staff in any way they can. As you can see, the SRO is a very important asset to our Schools and the St. Charles Police Department.

### **Certain Violations Strictly Enforced**

The administration and staff of the St. Charles City School District believe that in order for teaching and learning to occur, a safe environment is necessary. In addition, the administration and staff believe that all children deserve an environment that is conducive to optimal teaching and learning. Therefore, the prohibitions against fighting or physical assaults (attempting to cause injury to another person, intentionally placing a person in reasonable apprehension of imminent physical injury) will be strictly enforced.

## **POLICE ACTION AND THE SCHOOL**

In event of police action against a student the following actions will be taken:

1. The district will make a reasonable effort to contact the parent or legal guardian of the student prior to the interview and/or to releasing the student to the law enforcement officer, unless directed otherwise by the officer. The District will also request that the law enforcement officer delay the interview and/or arrest until the parent or legal guardian can be present. However, the District does not have the authority to prohibit a law enforcement officer from questioning a student or taking a student into custody, or to interfere with the investigation of a potential crime. If an interview is conducted without the presence of the parents, the District will request that an administrator or other representative of the District be present during the interview. However, the District has no authority to require that such person be present as a condition of permitting the interview to occur.
2. The District cannot ensure that parents will be present, as it is not legally required to have parents present when District officials (including the SRO) question a student.
3. The District cannot ensure that it will be present during all interviews conducted by the police and should not pledge to protect the student's interests, especially when those interests may be (and usually are) directly adverse to those of the District and District personnel.
4. In the event that a student is found to be in possession of any controlled substance (alcohol, drugs, look alike drugs, synthetic drugs, etc.) or weapons\*, a principal will immediately inform the police of such and will turn over such item(s) to the police for an investigation by a law enforcement agency.
5. District administrators will report acts of school violence to the Superintendent's Office. Acts of school violence are defined as exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus, or while involved in school activities. Acts of school violence may be reported to legal authorities,

to teachers and other school district employees with a need to know. Administrators will report felonious behavior (first and second degree murder, kidnapping, first and second degree assault, forcible rape, forcible sodomy, first and second degree burglary, robbery, distribution of drugs to a minor, first degree arson, voluntary manslaughter, involuntary manslaughter, sexual assault, felonious restraint, property damage, and possession of a weapon under the weapon provision of Chapter 571 of Missouri Revised Statutes to appropriate law enforcement agencies.

6. A principal will report to the superintendent and appropriate law enforcement agencies when any person is believed to have committed an act, which if committed by an adult, would be assault or sexual assault while on school property, school bus, or during school activities. The principal is also required to report to the superintendent and law enforcement agencies if a student is found to be in possession of a weapon or a controlled substance.
7. A teacher will report to the principal any acts of assault, or possession of a weapon or a controlled substance.
- \* Any one of various objects used or intended to be used for fighting or creating violence.

## **STUDENT SUSPENSION**

### **In-School Suspension**

#### **Administrative Procedures**

The following guidelines will be observed:

1. Students will be assigned to a special class where they will be adequately supervised at all times. The in-school suspension teacher will see that each student has textbooks and class work assignments from his or her regular teachers.
2. A principal will notify the parents by telephone if their child has been placed in in-school suspension and will follow up this verbal notification in writing. Reasons for the in-school suspension will be given, and a conference may be scheduled prior to the student's readmission to regular class.
3. Additional conferences with the school counselor and/or principal(s) may be scheduled at the discretion of a principal.
4. Students may not participate in extra-curricular activities while they are under in-school suspension, but they will receive credit for work completed during the suspension period.
5. Copies of specific building regulations concerning procedures in the in-school suspension room will be given to the student when he enters the in-school suspension room.
6. Any disruptions in the in-school suspension room may result in additional disciplinary action.
7. Students must earn their way back into the regular classroom by following all in-school suspension rules and completing all assignments given to them to the satisfaction of the supervising teacher.
8. At the discretion of the building principal and whenever possible, the student will begin their ISS assignment at the beginning of the following school day.

### **Out-of-School Suspension**

#### **Administrative Procedures**

The following procedures will be followed in any out-of-school suspension. When the term "student or parent/guardian" is used, this will mean student if he/she is 18 years of age or older; otherwise it will mean parent/guardian.

1. Notice. A principal, his designee, or superintendent at the time of contemplated action will give the student or parent/guardian notice of the contemplated action. Such notice may be oral or in writing.
2. Student's Response. The student will be given an opportunity to admit or deny the accusation, and to give his version of the events.  
Suspensions beyond ten (10) school days will require a suspension hearing. The hearing will be set by the Assistant Superintendent of Student Services, and will be held at the Administration Center. The hearings will be informal and will involve the Assistant Superintendent, the building principal, the student and parent, and other school personnel (if needed). The purpose of the hearing will be to determine if the recommendation for additional days will be enforced, and if additional disciplinary measures should be imposed.
3. Out of school suspension greater than 10 days may be appealed to the Board of Education in accordance with Board Policy.
4. Students under suspension/expulsion are not allowed to be on or around any school campus in the district without the prior written consent of the Superintendent.
5. Students under suspension are not allowed to participate in or attend any extra-curricular activities sponsored by the school until they have attended classes on the first day after the

suspension. Such activities include: basketball games, football games, dances, wrestling matches, concerts, club meetings, and other school sponsored activities.

6. Students suspended ten days or less out of school may be allowed to complete work for credit. Work must be turned in upon return date.
7. Re-admittance Conference - Students suspended for more than ten days will be readmitted only after a re-admittance conference has been held. Those involved in the conference will include the administrator, teacher, parent, student, and appropriate district personnel. The conference will be held to review the reason for suspension and remedial actions such as development of a behavior contract needed to prevent future occurrences.

### ***Annual Notification of FERPA Rights and Designation of Directory Information***

The St. Charles R-VI School District complies fully with the Family Educational Rights and Privacy Act ("FERPA"). FERPA is a federal law that affords parents and students 18 years of age or older ("eligible students") certain rights with respect to the student's educational records. These rights are:

**RIGHT TO INSPECT:** Parents or eligible students have the right to inspect and review substantially all the student's educational records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school Principal a written request identifying the records to be inspected.

**RIGHT TO PREVENT DISCLOSURES:** Parents or eligible students have the right to prevent disclosure of educational records to third parties with certain limited exceptions. It is the intent of this institution to limit the disclosure of information contained in educational records to those instances when prior written consent has been given to the disclosure. However, upon request the District will disclose information to officials of other schools in which a student seeks or intends to enroll. The District may also disclose information under the provisions of FERPA which allow disclosure without prior written consent, or items of directory information of which you have not refused to permit disclosure.

The District will disclose information to school officials who have a legitimate educational interest in the records. School officials include: persons employed by the District, whether paid or unpaid, as an administrator, supervisor, instructor, or support staff member, including health or medical staff; persons elected to the School Board; person employed by or under contract to the District to perform a special task, such as an attorney, auditor, etc.; or persons who are employed by the District's law enforcement unit. School officials have a legitimate educational interest if the officials are: performing a task related to a student's education; performing a task related to the discipline of a student; providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid; or maintaining the safety and security of the campus.

The St. Charles R-VI School District has designated certain information contained in the educational records of its students as directory information for purposes of FERPA. The following information regarding students is

considered **directory information**:

1. the student's name
2. photograph or other likeness
3. age
4. dates of attendance
5. grade level
6. enrollment status
7. participation in officially recognized activities and sports
8. weight and height of members of athletic teams
9. honors and awards received

The District may disclose directory information for any purpose in its discretion without the consent of a parent of a student or an eligible student. Parents of students and eligible students have the right, however, to refuse to permit the designation of any or all of the above information as directory information. In that case, the information will not be disclosed except with the consent of a parent or student, or as otherwise allowed by FERPA.

Any parent or student refusing to have any or all of the designated directory information disclosed must file written notification to this effect with the principal of the school which the student attends.

In the event a notification of refusal is not filed, the District assumes that neither a parent of a student or an eligible student objects to the release of the directory information designated.

**RIGHT TO REQUEST AMENDMENT:** Parents or eligible students have the right to request that the District correct any parts of an educational record which you believe to be inaccurate, misleading or otherwise in violation of your rights. Parents or eligible students should clearly identify, in writing directed to the school principal, the part of the record sought to be corrected and specify why it is inaccurate or misleading. If the District decides not to amend the record, it will notify the parents or eligible student and provide information on the right to a hearing to present evidence that the record should be changed.

**RIGHT TO COMPLAIN TO FERPA OFFICE:** Parents or eligible students have the right to file a complaint with the Family Policy Compliance Office, U.S. Department of Education, Washington, D.C., 20202-4605, concerning any alleged failure by the District to comply with FERPA.

**MILITARY RECRUITER ACCESS TO STUDENTS AND STUDENT RECRUITING INFORMATION:** Upon request of military recruiters, the District is required to provide access to secondary students' names, addresses, and telephone listings. However, any secondary student or parent of a secondary student may request that the student's name, address, and telephone listing not be released without prior written consent of the parent. Requests that a student's name, address, and telephone listing not be released to military recruiters must be submitted, in writing, to the school Principal. The District is also required to provide military recruiters with the same access to secondary school students as is provided generally to post secondary educational institutions or to prospective employers of the students.

(Board Policies JO-R, KI, and JHDA.)

# ***Annual Notification of Rights Under the Protection of Pupil Rights Amendment Act (PPRA)***

PPRA affords parents certain rights regarding the District's conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

St. Charles R-VI School District has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys covered by this policy and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. Following is a list of the specific activities and surveys covered under this requirement:

- Collection, disclosure, or use of personal information for marketing, sales, or other distribution.

- Administration of any protected information survey not funded in whole or in part by ED.

## ***Information Under the No Child Left Behind (NCLB) Act of 2001***

1. Parents have the right to request to know the professional qualifications of their child’s instructor.
2. Parents must be given timely notification if their child is being taught for four or more weeks by a teacher who is not properly certified.
3. Parents must be given a variety of data concerning disaggregated test scores and teacher certification through the District’s Annual Report.

## ***No Child Left Behind (NCLB) Complaint Resolution Procedures***

This complaint resolution procedure applies to all programs administered by the Missouri Department of Elementary and Secondary Education under the No Child Left Behind Act (NCLB). A complaint is a formal allegation that a specific federal or state law or regulation has been violated, misapplied, or misinterpreted by school district personnel or by Department of Elementary and Secondary (DESE) personnel. Any parent or guardian, surrogate parent, teacher, administrator, school board member, or other person directly involved with any activity, program, or project operated under the general supervision of DESE may file a complaint. Such a complaint must be in writing and signed; it will provide specific details of the situation and indicate the law or regulation that is allegedly being violated, misapplied, or misinterpreted. The written, signed complaint must be filed and the resolution pursued in accordance with local district policy. The Board recognizes that situations of concern to parents/guardians or the public may arise in the operation of the District. Such concerns are best resolved through communication with the appropriate staff members and officers of the District, such as the faculty, the principals, the Superintendent, or the Board. For a complaint under this section, the following procedure should be followed:

1. Complaints concerning individual students should first be addressed to the teacher.
2. Unresolved complaints from (1), or complaints concerning individual schools, should be directed to the principal of the school.
3. Unresolved complaints from (2), or complaints concerning individual schools, should be directed to the Associate Superintendent for Curriculum and Instruction.
4. In the event the Associate Superintendent of Curriculum and Instruction is unavailable, or the complaint is not settled satisfactorily by the Associate Superintendent of Curriculum and Instruction, reports should instead be directed to the Superintendent.
5. If the complaint is not settled satisfactorily by the Superintendent, it may be brought to the Board of Education. The complaint must be submitted to the secretary to the Board in writing. The complaint

will be brought to the attention of the Board, and, if necessary, a hearing will be scheduled to resolve the complaint. The decision of the Board of Education shall be final.

If the issue cannot be resolved at the local level, the complainant may file a complaint with the Missouri Department of Elementary and Secondary Education. If there is no evidence that the parties have attempted in good faith to resolve the complaint at the local level, DESE may require the parties to do so and may provide technical assistance to facilitate such resolution.

Any persons directly affected by the actions of DESE may file a similarly written complaint if they believe state or federal laws or regulations have been violated, misapplied, or misinterpreted by DESE itself.

Anyone wishing more information about this procedure or how complaints are resolved may contact local district or DESE personnel.

## ***District and Statewide Assessment Program***

The district will use assessments as one indication of the success and quality of the district's education program. Further, the Board recognizes its obligation to provide for and administer assessments as required by law. The Board directs the Superintendent or designee to create procedures governing assessments consistent with law and Board policy.

In cooperation with the administrative and instructional staff, the Board will annually review student performance data and use this information to evaluate the effectiveness of the district's instructional programs, making adjustments as necessary.

The St. Charles School District will comply with all assessment requirements for students with disabilities mandated by federal and state law, including the individuals with Disabilities Education Act (IDEA).

#### **Statewide Assessments**

The district will implement the components of the Missouri Assessment Program (MAP) in order to monitor the progress of all students in meeting the Show-Me Standards, as set forth by the Missouri State Board of Education.

The School Board authorizes the Superintendent to establish a process designed to encourage the students of this district to give their best efforts on each portion of any statewide assessment, which may include, but is not limited to, incentives or supplementary work as a consequence of performance.

The district's policy on student participation in statewide assessments shall be provided at the beginning of the school year to each student and the parent, guardian or other person responsible for every student under 18 years of age. The policy will also be kept in the district office and be available for viewing by the public during business hours of the district office.

#### **National Assessment of Education Progress**

If chosen, the district will participate in the National Assessment of Educational Progress (NAEP) as required by law. (Board Policy IL: critical)

## ***Notification of Human Sexuality Curriculum***

## ***Rights of Homeless Children***

The McKinney-Vento Homeless Assistance Act and subsequent amendments in 1990, 1994, 2001 and 2004 provide considerable protection for the educational needs of homeless children and youth in the United States. Subtitle B of Title VIII states that it is the policy of Congress that:

1. Homeless children and youth have equal access to the same free, appropriate public education as provided to other children and youth.
2. Residency requirements, practices or policies that may act as a barrier to enrollment will be revised to ensure that homeless children and youth are afforded the same free, appropriate public education as provided to other children and youth.
3. Homelessness alone should not be sufficient reason to separate students from the mainstream school environment.
4. Homeless children and youth should have access to the education and other services that such children and youth need to ensure that such children and youth have an opportunity to meet the same challenging state student performance standards to which all students are held.

School districts of each homeless child and youth are required to determine the child's best interest by either:

1. Continuing the child's education in the school of origin:
  - a. For the remainder of the academic year; or
  - b. In any case in which a family becomes homeless between academic years, for the following academic year; or:
2. Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth resides are eligible to attend. (Board Policy IGBCA: Critical)

## ***Programs for English Language Learners (ELL) and Migrant Students***

### **English Language Learners**

The Board of Education recognizes the need to provide equal educational opportunities for all students in the district. Therefore, if the inability to speak and understand the English language excludes a student from effective participation in the educational programs offered by the district, the district shall take appropriate action to rectify the English language deficiency in order to provide the student equal access to its programs. Identifying students who are English language learners (ELL) and ensuring them equal access to appropriate programs are the first steps to improving their academic achievement levels.

The Board directs the district ELL coordinator to develop and implement language instruction programs that:

1. Identify language minority students through the use of a Student Home Language Survey (policy IGBH-AF1).
2. Identify language minority students who are also English language learners. Any student who indicates the use of a language other than English will be assessed for English proficiency using the state provided assessment instrument.
3. Determine the appropriate instructional environment for ELL students.
4. Annually assess the English proficiency of ELL students and monitor the progress of students receiving ESOL or bilingual instruction in order to determine their readiness for the mainstream classroom environment.
5. Provide parents with notice of and information regarding the instructional program as required by law. Parental involvement will be encouraged and parents will be regularly apprised of their child's progress.

(Board Policy IGBH: critical)

### ***Migrant Services (Title IC)***

The Title IC program focuses on helping migrant children overcome the educational barriers that result from repeated moves, allowing them the opportunity to succeed in regular school programs.

When the district receives the "Certificate of Eligibility Form" from the Migrant Center, the district Executive Secretary for grants notifies the building principal, building counselor, ELL teacher, classroom teacher, and Food Services Director of the student's migrant status.

In the fall, each building receives a list of their current migrant students. When a building receives notification of a new migrant student, the name should be added to the building's migrant list that was sent in the fall. The district encourages migrant parents to play an enthusiastic role and have a voice in all aspects of their children's education through participation and increased understanding of school regulations and activities.

(Board Policy IGBCB)

## ***Programs for the Disadvantaged***

In order to meet its goal of providing appropriate educational opportunities for all students in the St. Charles School District, the Board of Education shall participate in the federal Title I program.

The board recognizes that when schools work together with families to support learning, children are inclined to succeed not just in school, but throughout life. It is the board's intent to establish partnerships that will increase parental involvement and participation in promoting the social, emotional and academic growth of children.

The district will encourage Title I parents to be involved in supporting the education of their children in at least the following ways:

- Parents will be involved in the joint development of the Title I program plan and in the process of reviewing the implementation of the plan and suggesting improvements.
- The district will provide coordination, technical assistance and other support necessary to assist participating schools in planning and implementing parental involvement.
- The district will build the schools' and parents' capacity for strong parental involvement.
- The district will support the coordination and integration of Title I parental involvement strategies with those of other programs that include parent involvement by meeting with appropriate program coordinators at least once each year to plan such coordination and integration of parent involvement activities.
- The district will conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy to determine whether there has been increased participation and whether there are barriers to greater participation, particularly by parents who are disabled, who have limited English proficiency, limited literacy or are of any racial or ethnic minority background.
- The district will use the evaluation findings in designing strategies for school improvement and in revising parental involvement policies and procedures at the district and building levels.

## ***Asbestos Notification***

The city of St. Charles School District has implemented an asbestos management plan to be in compliance with the U.S. Environmental Protection Agency (EPA). The results disclosed the presence of asbestos in some locations in the school district's buildings. These areas are currently being maintained to insure all students and employees of the school district are provided a safe and ASBESTOS free environment. The inspections and the findings of these inspections are on file and available for public review at the facilities maintenance office at 2450 Zumbahl Road, St Charles, MO 63301 during normal working school hours (Monday-Friday 6:30am-3:00pm). The Director of Facilities is available to answer any questions you may have about asbestos in our buildings.

## Earthquake Safety For Missouri's Schools

**The New Madrid Seismic Zone Extends 120 Miles Southward** from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.

**The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year** (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.

**The Highest Earthquake Risk in the United States** outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California, but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

**A Damaging Earthquake in this Area**, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri). There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports. The results would be serious damage to unreinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!

**A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12** was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Bootheel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.

**When Will Another Great Earthquake the Size of Those in 1811-12 Happen?** Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years. Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.

**What Can We Do to Protect Ourselves?** Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

### Prepare a Home Earthquake Plan

- Choose a safe place in every room--under a sturdy table or desk or against an inside wall where nothing can fall on you.
- Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.
- Choose an out-of-town family contact.
- Take a first aid class from your local Red Cross chapter. Keep your training current.
- Get training in how to use a fire extinguisher from your local fire department.
- Inform babysitters and caregivers of your plan.

### Eliminate Hazards

- Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.
- Bolt bookcases, china cabinets and other tall furniture to wall studs.
- Install strong latches on cupboards.
- Strap the water heater to wall studs.

### Prepare a Disaster Supplies Kit for Home and Car

- First aid kit and essential medications.
- Canned food and can opener.
- At least three gallons of water per person.
- Protective clothing, rainwear, and bedding or sleeping bags.
- Battery-powered radio, flashlight, and extra batteries.
- Special items for infant, elderly, or disabled family members.
- Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)
- Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

### Know What to Do When the Shaking BEGINS

- DROP, COVER AND HOLD ON! Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.
- In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.
- If you are in bed, hold on and stay there, protecting your head with a pillow.
- If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.
- If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

### Know What to Do AFTER the Shaking Stops

- Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.
- Check others for injuries. Give first aid for serious injuries.
- Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think it's leaking. (Remember, only a professional should turn it back on.)
- Listen to the radio for instructions
- Expect aftershocks. Each time you feel one, DROP, COVER, AND HOLD ON!
- Inspect your home for damage. Get everyone out if your home is unsafe.
- Use the telephone only to report life-threatening emergencies.
